Devotional Addresses: J. Wreford made the following proposal--"I have noticed that they have been recorded verbatim, and Bishop Booth has kindly given permission for them to be published and made available if so desired. I, therefore, move that this series of addresses be mimeographed and distributed either free or at cost of production. If this is adopted, orders could be placed and if necessary paid for, for later delivery before leaving Conference." It was agreed that the same should be incorporated into the Journal.

Board of Education--report of Committee on Schools: The report was read. The question was asked how children of Methodist parents who desire to enter higher standards can apply when they have been attending a school of another denomination. This can be done through the Methodist minister of the circuit. This

It was also suggested that church membership transfer be given when the student applies for entrance into a higher school. Field Committee has requested the Conference to ask that 2/- be added to the school fees for the support of African District School Superintendents and school equipment. Katsande's problem of his people attending and supporting two churches was referred to the Superintendents, who will refer it to the Board of Education.

Board of Education--Religious Education report: The report was read. Supplementary report: Committee on a Guide for Class Meeting Leaders. A syllabus is needed to guide the leaders. Sub A is to take the first half of the Catechism; Sub B the second half. Std. I should have a Child's History of the Methodist Church somewhat on the order of the Manyai reading book. This was referred to the Publications committee who suggested that they wanted the manuscript submitted. Then it is to be submitted to the Executive of the Publications committee to expedite the process. Std. II is to take the first half of the Waedzwa book and Std. III the second half. All probationers should go through the Waedzwa book and this will mean duplication in some cases. Discussion followed. There is need for a greater use of the book for preparation for church membership. Not all of the Conference is using this book and it should be emphasized as a requirement for baptism and church membership.

The report of the committee on Class Meeting Guide was as follows: "We recommend that the Committee on Class Meeting Guide be continued, and that it prepare a manuscript of a simple reader to be used in Std. I, telling in simple terms the history of the Methodist Church. When prepared it should be submitted to the Board of Publications for approval and publication."

Replacement for the Children's Worker will be arranged by M. Ball.

Scripture Syllabus: Is Old Umtali prepared to produce such? This was referred to the Biblical Institute for implementation. Action passed.

M.Y.F. report was read. Item 5 of the original report has been deleted. Item 5 of the present report was read for emphasis. The report was accepted with the understanding that the correct Treasurer's balance be inserted.

It was pointed out that the committee did not answer the question submitted to them concerning the growing and selling of tobacco. This was covered in item 7, asking for medical information. M. Ball asked the Conference if it wished to join forces with Synod in their campaign against drink. This was deferred until this report was adopted. There was a discussion about the use of tobacco in other countries. The vote was called for and the report was adopted.

Fifth ballot result was received.

Sixth ballot was taken.

Co-operation with Synod on the evils of drink was again called for and granted. An Institute on the Evils of Alcohol is to be arranged with the Old Umtali Biblical Institute and the Conference Secretary of Temperance.

Finance report was read. It was noted that we are three years behind in paying for our Conference Journal, even though the cost had been reduced by the Press. It was recommended that the £ 750 given by the Field Committee to assist in the payment of outstanding ministers' salaries be paid out pro-rata from a separate account, but this in no way reduces the indebtedness of each circuit for the outstanding amounts. Suggestions to help bring assessments up to date included a deeper spiritual life to be developed among our members, the use of receipt books and careful checking of amounts turned in, a check on accurate membership, an explanation of the organisation of the Church to the people, the acceptance of produce which can be sold, and the need for each member to practice tithing. A motion was made that we appoint a committee to suggest a method of procedure, but it was left to the individual Conference members to try to seek a solution by the next session.

Audit committee report was read. Those responsible were asked why the missing sets of books had not been presented for audit. O. Stine made a motion which was passed that the books of the circuit treasurers be brought for audit at the quarterly meeting. It was suggested that treasurers be chosen with greater care and that they be able to read and write. Mr. Hassing was asked to prepare the substance of his speech about the use of receipt books and careful checking of the money that comes in until it reaches its destination. An amendment was moved and passed that the books still to be audited for this year be brought by the treasurers concerned and that either the money or a signed statement of the amount of cash be brought signed by a member of the audit committee. The audit committee should be made known to the delegates. A change in paragraph 3 of the M.Y.F. report was noted for the Journal. The audit report was received.

It was moved to divide the amount to give a true picture. The Student Loan committee is to work with the Treasurer to decide on the division of this money. It was suggested that the list of those owing money to the fund be mimeographed for all Principals and School Superintendents. The report was received and passed.

Ministers' salaries: The total amount of those whose salaries are in arrears was read. A suggestion was made that the Treasurer be given a signed statement declaring the correct amount of indebtedness to each minister, as of March 31st. There is not enough money to cover the full amount; therefore, it is to be paid pro-rata. This was passed. A motion of clarification that the £750 is to be a gift towards the ministers' salaries, but not a gift to the circuits, was passed.

Ngariende Treasurer's report: A point of clarification in the treasurer's report was made, that the balance owing Ngariende minister's salary is not to be included in the pro-rata motion.

Item 8, changed to £70, travel only to be paid by the cheapest way. Item 9--African District Superintendents. Action in Daily proceedings is correct in the 1958 Journal. Page 273, item 2, should be deleted. Item 13 is obligatory. Item 14 is deleted, with the understanding that M. Ball will care for it in her budget. Items 11 and 12 are deleted. The total budget figure of £1,670 was passed as corrected. Mr. Gates is to write out a statement concerning indebtedness to be presented later.

Christian Social action Committee: Newspaper Release

"The Annual Conference of the Methodist Church of Southern Rhodesia, meeting in its regular sessions at Nyadiri Methodist Mission have elected a Committee on Christian Social Action to guide the Conference in considering some of the important social problems facing us in Southern Rhodesia today.

"This committee called for the formation of small inter-racial study groups to be set up in our churches and communities during the coming year to study seriously the following questions:

1. The rights of individuals living together under a government that is not yet constituted by universal franchise.
2. The extension of the vote towards universal franchise.
3. The economic problems resulting from two communities living together whose standards of living have been very different and the problem of equalizing them.
4. The best methods possible for educating large masses of people to good citizenship.
5. The lack of real harmony and deep understanding between European and African members of our churches, especially in ways where segregation remains between them.

6. The ever-increasing grave social problems of alcohol, tobacco, and gambling.

"To act as a guide for these study groups the Committee suggested the Social Creed of the Methodist Church which has been included in the Methodist Discipline for many years:

"The Methodist Church must view the perplexing times and problems which we face today in the light of the teachings of Jesus. Jesus taught us to love our neighbours and seek justice for them. To be silent in the face of need, injustice, and exploitation is to deny him.

"We believe that God is Father of all peoples and races, that Jesus Christ is His Son, that all men are brothers and that man is of infinite worth as a child of God.

"We believe that a Christian society is essential to the full nurture of a Christian person.

"We believe that sin, both individual and social, stands under the judgment of God, and that the grace of God in Christ is available for redemption in all areas of life as we seek in penitence and obedience to do His Holy Will.

"We believe that all persons have supreme value in the sight of God, and ought to be so regarded by us. We test all institutions and practices by their effect upon persons. Personality is oppressed in many parts of the world, and we seek its emancipation and those things which will enrich and redeem it. Since Jesus died for the redemption of human life, we believe we should live to help save man from sin, and from every influence which would harm or destroy him." (Discipline of the Methodist Church, Social Creed, p. 2626 section ii)

"It is hoped that, with the aid of many small groups studying these social problems during the year, the Conference Committee on Christian Social Action will be better able to guide the Annual Conference in taking action at its next Session."

At the Committee's suggestion, the Annual Conference of the Methodist Church of Southern Rhodesia adopted the following statement:

"On its recent actions towards removing the colour bar, we command the Southern Rhodesian Government. We would wholeheartedly encourage the continuance of this policy which would eventually make Partnership a reality.

"We would reaffirm that we believe in equal opportunities for all people irrespective of race, nationality, or creed. We believe in free speech, free religious assembly, and a free press as essential to the free communication of ideas, and deplore any action which would weaken or negate these rights."

Reports: Delegates to Angola, Rev. and Mrs. Stine, and Rev. and Mrs. Hassing, delegates to East Africa, gave their reports on the respective Annual Conferences.

Mr. Rea from Synod expressed his thanks on behalf of the other delegates for being at our Conference. He especially enjoyed the fine family spirit shown in our Conference and our fine music. He invited all interested in the Capricorn Society to meet with him at the close of this session.

This money is not to be returned to the Field Treasurer.
2. That the District Superintendents' salaries and travel have priority on this money from the Field Committee District Church budgets.
3. That the assessments remain as they are and the motion already before us be accepted as it now reads: Moved that the Conference Assessments paid into the Conference Treasurer by the circuits be immediately credited to their respective ledger accounts in the Treasurer's ledger strictly on the percentage basis, that each budgeted item is of the total approved budget of the Conference, and further, that money be paid out of these accounts for their particular purpose, only as, and if, it is available in these particular ledger accounts. This motion was passed with one negative vote.

Amount raised during this Conference in contributions from the different members was £55.

Appreciation was expressed by Bishop Dodge for all those who helped in different ways during this Conference. Special thanks was given to Bishop Booth who had come as a guest and who presided at several of the sessions.

VI. REPORTS

A. STANDING BOARDS AND COMMISSIONS

1. CHRISTIAN HOME LIFE

The Christian Home and Family Life programme is being promoted throughout Rhodesia. Our Church is taking a place of leadership in this, and we hope for Conference-wide participation. The Christian Conference Committees are preparing for the Home and Family Life Week, and material will be coming out to all churches on this.

Also, the Field Committee is arranging for the coming of experts on this programme. Dr. Irma Highbaugh and Bishop Werner will be in our area within this Conference year. We recommend that we participate in an interdenominational training programme on Home and Family Life when these leaders come to us, and that Mrs. Culver and Mrs. Choto be assigned to promote this programme in our Conference.

We commend the St. Andrews Church for its activities in promoting race relations in its congregation. We look to the congregations and pastors of St. Andrews and Hill Top to lead our Conference in bringing all racial communities closer together in worship experiences and religious activities.

In the district where there has been public health work, the health workers have worked closely with the ministers and Rukwadzano. The emphasis has been to bring families and communities into the church centres, so that the peoples of the communities may be brought into a knowledge of Christ as their Saviour and as an example for their lives.

Women have been taught to sew, cook, knit, have a knowledge of child care, and how to have clean, sanitary homes, conducive to good health. Young girls have been taught how to get ready for marriage and also for the care of homes. Children have been taught to memorize Scripture, how to play together, and how to play games. In two or three places, a few men have been taught how to make stools and tables, and how to make mud or brick and lime smokeless stoves within the home. People are eager to learn and cooperate well. The need is for more workers who know how to build up ideals for good community planning.

The committee appointed Mr. Jasper Machiri to make a survey to find out how many members of Conference registered as voters since last year, and how many people they recruited for the vote. Ten members of Conference registered as voters, 6 were recruited, making a total of 14.

Sister Jones was asked to approach Dr. and Mrs. Horton to ask them to prepare materials for instruction about sex.

We recommend that suitable materials be purchased and placed in teachers' libraries, so that teachers will read the books and impart suitable information to the students.

Mr. Machiri was asked to write Mrs. Higgs to find out whether she has finished her booklet on the subject

of "Marriage Feasts and Related Customs". Miss Ball, E. Aeschliman, and Mrs. I. Mhlanga were asked to prepare materials if Mrs. Higgs has not already done so.

2. CHRISTIAN SOCIAL ACTION

Since Methodists have heard the Bible admonition that we should be "doers of the Word, and not hearers only", our Church has always believed that action must necessarily grow out of the words and teachings of Jesus. The social teachings of our Lord can always be traced back to their roots in His two familiar commands: "Whatsoever you would have others do to you, do so to them" and "Love your neighbour as yourself". When we take these two commands and apply them to our relations in Southern Rhodesia, we find ourselves confronted with those problems:

- a. The rights of individuals living together under a government that is not yet constituted by universal franchise.
- b. The extension of the vote towards universal franchise.
- c. The economic problems resulting from two communities living together whose standards of living have been very different and the problem of equalizing them.
- d. The best methods possible for educating large masses of people to good citizenship.
- e. The lack of real harmony and deep understanding between European and African members of our churches, especially in ways where segregation remains between them.
- f. The ever increasing grave social problems of alcohol, tobacco, and gambling.

We look for the position which the Methodist Church has taken on these problems and we find that these statements have been made and publically declared:

- a. "The Methodist Church must view the perplexing times and problems which we face today in the light of the teachings of Jesus. Jesus taught us to love our neighbours and seek justice for them. To be silent in the face of need, injustice, and exploitation is to deny him."
- b. "We believe that God is Father of all peoples and races, that Jesus Christ is His Son, that all men are brothers, and that man is of infinite worth as a child of God."
- c. "We believe that a Christian society is essential to the full nurture of a Christian person."
- d. "We believe that sin, both individual and social, stands under the judgment of God, and that the grace of God in Christ is available for redemption in all areas of life as we seek in penitence and obedience to do His holy will."
- e. "We believe that all persons have supreme value in the sight of God, and ought to be so regarded by us. We test all institutions and practices by their effect upon persons. Personality is oppressed in many parts of the world, and we seek its emancipation and those things which will enrich and redeem it. Since Jesus died for the redemp-

tion of human life, we believe we should live to help save man from sin, and from every influence which would harm or destroy him." (Discipline of the Methodist Church, Social Creed P.2020, Section 11- Our Theological Basis)

This committee, after considering the above problems and searching the position historically taken by the Methodist Church, recommends that this Conference adopt and put into immediate action the following:

- a. The establishment of small inter-racial groups for the study of mutual problems with a view to their solution.
- b. To extend our existing church organisations to include multi-racial fellowship.
- c. These groups would be asked to make a detailed examination of the following subjects in order to assist the church toward action:
 - (1) Present changes in liquor and gambling legislation.
 - (2) The extension of educational facilities so that there shall be equal opportunity for all irrespective of race or creed. It is our conviction that in a multiple society this of necessity means ultimately an integrated educational system, for any other seldom, if ever, provides equal opportunities for all. We recognize that such a goal can only be approached gradually and the initiative must come from pioneer ventures.
 - (3) The problem of wages. We believe that it is the duty of the country to move as rapidly as possible toward equal pay for equal work. But, we realize that such a goal can only be approached gradually.
 - (4) The participation of teachers in normal political activities: e.g. allowing them to stand for election or to support candidates whom they feel will translate their Christian ideals into social reality.

Recognizing the importance of individual responsibility to the local community and to the Government, we would ask the Conference to set aside the Sunday closest to Founder's Day, Sunday, July 12th, this year, as a special Sunday on which every Methodist church would have a service of worship given over to the theme "A Christian's responsibility to his community and government".

In this connection, we would ask our Press and Book Van to make available to as many of our pastors and laymen as possible literature on this subject. We would hope these would include such subjects as: 1) the responsibility of each person to register to vote as soon as possible, 2) instructions on how to vote and how to know for whom to vote, 3) becoming aware of social problems, 4) individual responsibility to government, being willing to assume the responsibility of local office, and being willing to assume financial responsibility to national government through the paying of taxes.

We commend the Southern Rhodesia Government on its recent actions toward removing the colour bar. We would wholeheartedly encourage the continuance of this policy

which would eventually make Partnership a reality.

We would reaffirm that we believe in equal opportunity for all people irrespective of race, nationality, or creed. We believe in free speech, free religious assembly, and a free press as essential to the free communication of ideas, and deplore any action which would weaken or negate these rights.

3. CONFERENCE CLAIMANTS

Allowances for next Conference year will be as follows:

Ministers:

Philip Chieza	21-10-0
Benjamin Katsidzira	21-10-0
David Mandisodza	21-10-0
Zachariah Mukombiwa	17-10-0
Reginald Ngonyama	21-10-0
Mai Mary Maranke	15-0 -0
Mai Amos Kapenzi	12-0 -0
Mai Lydia Darikwa	16-2 -6

Approved Supply Pastors Relief Fund:

James Kaitano	6-0 -0
Daniel Chitenderu	6-0 -0
Thomas Kamusono	6-0 -0
Philemon Mazaiwana	6-0 -0
Paul Maviza	6-0 -0

Several names were presented for consideration, but the Board feels that before action is taken, District Superintendents or ministers of circuits where those men live should support their claims in a written statement. If such a statement is sent in before next Conference to the Treasurer, these cases will be considered.

4. DEACONESS

We now have one deaconess in service. We are very thankful for her, and also for one other who is now in training at the Old Umtali Biblical Institute.

We suggest and recommend that Miss M. Ball take the charts on deaconess work from centre to centre, and that they be put on the bulletin boards of the Nurses' Training School, Teacher Training Schools, Secondary School, and any other places she thinks advisable.

We recommend that a memorial be sent to Central Conference, that a section on Deaconesses be added to the Methodist Discipline, Africa Edition.

5. EDUCATION

RELIGIOUS EDUCATION

When the present Director of Religious Education took over last year there were 7 R.E. workers throughout the Conference. They have continued their work and have tackled with great enthusiasm what is a very hard job. They have huge areas to be covered by bicycle except when a car happens to be travel-

ling in the same direction, and they must work under very trying circumstances. But their reports show that they have carried on very well and have visited almost all their stations at least one time this year. Often, they have visited even quite distant stations three or four times. A recommended wage scale is to be presented to this Conference which, if adopted, will ease their financial setup. All the R.E. men conducted workers' institutes in their areas.

In January, three of the workers entered Old Umtali Biblical Institute for a two-year training course. While this has robbed the north country and the Nyakatsapa areas for the time being, yet we are confident that their training will, in the long run, more than make up for the loss of their services at this time. For a short time we had the services of one of the Ambassadors Quartet to fill in in the Mtoko area.

When the Women's Bible Schools or the Rural Team are in the various areas, the local R.E. worker joined in. In this way all but one of the seven had this experience. This has coordinated the work of bringing all the rural services together.

In October, the R.E. workers with others had an intensive refresher course at Old Umtali. Here they were given new insights into methods, as well as many new visual aid materials. They received training in developing and enlarging the materials they already had.

In accordance with a Conference recommendation last year, maps were prepared and sent to six rural schools with higher standards. Each school received a set of three maps. One for O.T. teaching, one for N.T. teaching, and one map of Palestine for teaching the life of Christ. Many sets of pictures and many program aids have been prepared and distributed, as have the M.Y.F. program materials for 1959.

To enlarge the R.E. program we need TRAINED workers from the Biblical Institute. We can find work for both men and women graduates, but candidates must be willing to have this training before entering upon their tasks.

Some of the mission centres have an extended Sunday School program reaching children otherwise neglected. Some materials were given to help these workers.

The first half of the Conference year, the Women's Bible Schools were carried on, conforming to the pattern of the past. Ten different schools were held. There were many different helpers in each school who carried forward the program. The Bible lessons were based on the material being used in American Women's Societies and consisted of a study of the Gospel According to St. Mark. This year the teaching will change to Isaiah to continue fellowship with the women of America. A close tie of fellowship is felt when it is known that all are studying the same lessons. New songs and choruses were introduced, dramatizations were worked out, one night was given over to a stimulating Bible Quiz, and other lessons were worked in such as Temperance, Stewardship, and Churchmanship. Clara Kadzuru continued her excellent work until her marriage. Although no one has yet been found to continue her work, she has laid foundations on which we can build.

In September, the Rural Team began their camping program co-ordinating the rural efforts of Bible, health, and agriculture. This co-ordinated program made a big impact on the communities where it was presented, some people realizing for the first time that a person's work was connected with his faith. It is the hope of the Rural Team to enlarge and promote this program greatly in the Conference year ahead. The three

programs of Bible, health, and agriculture will now be joined together. This does not forbid, however, the three from acting separately when time or circumstances permit. The Rural Team made their presentation in three communities last September, and after this Conference plans to go ahead with a full camping program this year. The Bible lessons will be the ones in Isaiah, the nutrition and agriculture programs will be as before.

During the rains this year, while the camping season was suspended, the director took a rural pastorate for four months as well as assisted in the training of the Ambassadors Quartet. A music institute was also held for them last August. It is hoped that more music may be added this year in the Rural Team program.

In October, a Rukwadzano leaders course was held at Old Umtali. It helped stimulate the leaders to greater efforts and gave them new ideas.

SCHOOLS

Change of office bearers: Mr. Wakatama was elected chairman, replacing Mr. Griffin. Mr. Sadza was elected secretary, replacing Mr. Jambga.

Business:

1. Applications to C.P., Secondary, and T.T. Schools:

Little, if any, attention has been paid to this resolution which stipulates that applications be accepted or sent only through headmasters, principals, or superintendents. Messrs. Machiri, Kapenzi, and Sadza were nominated to:

- a. Draft a circular in Shona and English which would be duplicated here at Conference, and copies distributed through the right authority when they depart. The circular is to reaffirm last year's decision.

- b. Draft a notice to be published through the Recorder by the Conference Secretary.

2. Promoting racial understanding and multi-racial harmony (Conf. Jnl, p. 271, item 1)

Mr. Wakatama said that a promising club was starting in Umtali. Other efforts were made at Nyadiri and at St. Andrews where a Wesleyan Guild was formed for women. The matter was dropped on the grounds that it belonged to the Christian Social Action Committee.

3. The stand of our Church in certain public issues (Page 271, item 2):

This is a matter for our Bishop, who makes such proclamations and publications at his discretion.

4. Standardisation of Std. 3 Examinations (Page 271, item 3):

After discussion at length it was agreed that despite the difficulties involved in procuring fairness throughout, the resolution should stand, and that efforts be made by superintendents to ensure fairness and a high standard.

5. Birth Certificates:

This important resolution had met with

little success because:

- a. Many African parents did not realize the importance of registering their children with the nurse or doctor within 4 weeks as required by Regulation.
- b. Many parents observed the custom of not naming the child until it was 2 weeks old. This meant leaving the hospital without a certificate, and possibly returning when it was too late to obtain one.

It was decided that a note of explanation, pointing out the above, be included on the circular mentioned in connection with applications.

6. Mtoko unaided schools:

Mr. O. Stine said there were 9 unaided schools in Mtoko District. Although the N.E.D. had once promised to put them on an aided basis, the last word on the matter was that they could no longer do so at once. Instead, one, or at the most two, schools would be aided per year until all were on an aided basis. Mr. Stine appealed for financial help for these schools. It was agreed that while financial assistance could be sought from the Field Committee, Mr. Stine, Mr. Eriksson, and the Bishop should continue to approach the N.E.D. officials for a revision of their proposed long-term policy.

7. Upper Primary Schools in Mtoko:

Mr. Stine was displeased about the distribution, as well as the listing, of priorities in connection with upper primary schools in Mtoko.

- a. Mtoko had fewer upper primary schools than other districts.

- b. The priority listing of schools in this area did not coincide with his ideas.

After much discussion, Mr. Eriksson ferreted out some records which proved that N.E.D. had more or less acted according to our recommendations and priority listing. After a full discussion of the priority listings, it was realized that a thorough survey of our schools and a new overall development plan must be made.

8. Native Councils and Schools:

Mr. Murphree in a detailed illuminating report showed how great difficulty had arisen in certain instances because Native Councils, Native Commissioners, District Superintendents, and School Councils had failed to work together, because each

did not know its limitations of authority. It was resolved that Mr. Murphree, Mr. Stine, Mr. Eriksson, and the Bishop approach N.A.D., N.E.D. authorities to determine the limitations of each.

RECOMMENDATIONS: COMMITTEE ON RELIGIOUS EDUCATION

1. We recommend that the Annual Conference continue thoroughly to evaluate the Government Scripture Syllabus and where it is considered inadequate, to make revision and alternate suggestions to Scripture teachers in Methodist schools. We further recommend that such revision should be initiated in our Bible Training Centre at Old Umtali, and the proper teaching techniques be developed by our Teacher Training Institutions at Mutambara, Old Umtali, and Nyadiri. The Committee also suggests that the Conference look forward to the development of our own Syllabus for Methodist Scripture classes.
2. We are pleased to see that more and more teachers are taking responsibilities in the Sunday School.
3. Three R.E. Workers are in training at O.U.B.I. We look forward to the time when an African Conference R.E. Director can be appointed.
4. Fourteen workers' Institutes were held throughout the Conference. Thirteen of them African, and one European.
5. We recommend that Sept. 27 be Sunday School Day in the Church Calendar followed by Christian Education week.
6. We remind our people of the ruling that non-Methodist teachers should not teach in our class meetings.
7. We recommend that special Sunday School lessons be prepared to guide teachers of kindergarten children.
8. We recommend that Adult, Junior, and Kindergarten Lessons be published in three separate books and that each S.S. Superintendent order the books for his church direct from the Press--paid for in advance--these to be ready by 3rd term. In the meantime, we recommend that churches use old lessons or contact Miss Russell for Junior lessons.
9. We recommend the following to write our lessons for 3rd term and next year:
 Adult--R. Goodloe
 Junior--E. Russell
 Kindergarten--M. Fink
 The Press is to mimeograph the 3rd term lessons and to print the lessons for next year.
10. We recommend that R.E. workers enlarge their Institutes and include Bible studies and Methodist doctrines.
11. We refer the tobacco problem to the Temperance Committee.
12. We urge the District Superintendents to organize class meetings in addition to Scripture Classes for the pupils in all our schools.
13. We recommend that the report of the Conference Director of Religious Education be printed in the Conference Journal.

14. We submit the resolutions of the M.Y. F. Conference at Nyamuzuwe in January, 1959, deleting resolution 5.

M.Y.F. RESOLUTIONS

1. The M.Y.F. recommends that we revise and better our methods of winning more members and keeping them, without interfering with the rights of other churches.
2. We ask our R.E. workers to work in conjunction with Circuit presidents in soliciting funds and forwarding them to the M.Y.F. Treasurer, who shall forward them to the Conference M.Y. Treasurer.
3. We understand that the raising of M.Y.F. funds to advance its cause is a difficult problem, as the M.Y.F. is a voluntary organisation and conditions differ in different districts. We, therefore, resolve to investigate working methods of raising funds through cooperative willingness to give for M.Y.F. needs.
4. We recommend that M.Y.F. subscriptions and dues be the same in all districts to encourage our people to further the cause of M.Y.F.
5. We also recommend that parents cooperate with boys and girls during marriage arrangements by lowering the expenses of marriage--the expenses which are generally raised by traditional customs and practices which still prevail in many parts of our Conference, e.g. the demands of the many different relatives of the girl.
6. Most of the delegates who came to the Conference submitted their dues at M.Y.F. Conference held at Nyamuzuwe, Jan. 6-12, 1959. £23-19-1 was spent for maintenance of the Conference and for the travelling fees of officers and adult councilors. £45-18-0 is still cash on hand, and £11-5-6 is in the M.Y.F. savings bank book. The Conference recommended that all dues be sent to the Treasurer by registered post to guard against loss.

Officers for 1959:

President:	E. Makunike
Vice-President:	N. Majora
Secretary:	Miss G. Nyamubaya
Treasurer:	B. Ruwodo
Missionary Councilor:	Mrs. R. Goodloe
Co-Councilor:	Miss A. Petersen

BOARD OF EDUCATION RECOMMENDATIONS:

1. We recommend that when teachers in service are appointed as boarding masters, boarding mistresses, and district superintendents of schools, the N.E.D. considers such time in these services as time in service for incremental purposes.
2. We recommend that since the N.E.D. is demanding higher qualifications for teachers, consideration should also be made by the Conference to have people with teaching qualifications and church interests appointed as District Superintendents of Schools, so that they will be able to give more academic help to both teachers and children.

6. EVANGELISM

- a. D. Chikosi was elected to take the place of Rev. Chimbadzwa as Secretary.
- b. J. Rugayo was elected to take the place of Rev. Chimbadzwa on the executive.
- c. We recommend that the religious census started last year be continued, and that where necessary those carrying it out have the assistance of their Superintendents and station chairmen.
- d. We recommend that the matter of an invitation to Dr. Denman of the General Board of Evangelism be pursued.
- e. We request the Secretary of the Board of Evangelism to continue the correspondence with Rev. Pereson in Johannesburg for further enquiries about the guidance of our Shona-speaking people there.
- f. We recommend that our pastors continue the work of camp meetings, laymen's evangelistic work and retreats, according to local situations.
- g. We express our appreciation to the Field Committee for their consideration of our budget, and trust that in future they will consider future increases if possible.
- h. We request that the Cabinet keep in mind the appointment of full-time evangelistic teams in our Conference.

7..FINANCE

- a. We emphasize again the necessity of a tithing membership if the church program is to go forward. We, therefore, recommend that all missionaries, ministers, teachers, and lay members of the Conference be asked to give their tithe through the local church budget, thereby helping to pay off the debit of the Conference assessments.
- b. We firmly believe that many church members are paying their dues to the various organisations and neglecting their first duty as one to the local church budget. Thus, we recommend that the leaders of these organisations refuse to accept the membership dues until the church offerings are first paid.
- c. We humbly request that the Wabuwu, Rukwadzano, M.Y.F. and African Christian Convention contribute towards paying off the Conference assessments debt.
- d. It is felt that the lack of giving among our church members denotes a definite spiritual lapse. We strongly emphasize that each minister take this burden upon his heart and go forth to evangelize among his people.
- e. In order that the Conference Treasurer have ample time for closing his books before Conference, we recommend March 31 as the end of the fiscal year.
- f. We ask permission of the Conference to recommend that the £14-0-0 Sunday evening Communion offering be sent to the Madagascar Relief Fund.
- g. We suggest, that due to the high cost of the Journal publication in printed form, the daily mimeographed reports be carefully kept by each individual; corrected by the daily minutes, bound and accepted as the final copy of the

- Journal. This action is recommended to be in effect as of this Conference.
- h. We ask the Conference to take our present financial difficulties into consideration when electing delegates to the General and Central Conferences.
 - i. We recommend that all pension funds be kept in a separate set of books.
 - j. We request the Field Committee to find money to cover certain items of last year: Sunny-side expenses £93-0-0; travel to Beira £16-5-3.
 - k. We recommend that a loan be asked for to cover the deficit not met by other funds.
 - l. We suggest that special emphasis be made towards collecting outstanding assessments for last year and for new assessments of this year.
 - m. We suggest a committee composed of Messrs. Kinyon, Blomquist, Smalley, and Choto to function throughout the year, giving special guidance to the pastors and laymen on the raising of finances in the local church.
 - n. We are sympathetic toward the needs of Rusape for a new African church, but cannot help now.
 - o. It is regretted that our committee did not have time to go into the salary scale for R.E. and other Conference workers.
 - p. We recommend that sections of the Finance Committee report as follows be mimeographed and handed out this Conference for distribution to each church, and that this sheet include also a detailed statement regarding Conference assessments and ministers' salaries: items a,b,c,d,l, m, Budget, and n (Read by Mrs. Stine Friday night but not printed) and, if adopted, the points herein enumerated.
 - q. That each District be requested to hold a District Conference at which these issues be discussed in detail and at which machinery be set up to insure that all monies are correctly accounted for.
 - r. That each Quarterly Conference be given the privilege of reducing the stipulated minimum of the quarterly offering to 2/-.
 - s. That the Committee mentioned in item 7 of the Agriculture Committee report be empowered to formulate and present to Field Committee for approval a plan for the utilization of Muskwe farm as a profit-making enterprise subscribed to by the churches of the three northern Districts.

8. LAY ACTIVITIES

REPORT OF CONFERENCE LAY LEADER

I thank God who has made it possible for me to attend another Conference and to be able to give my first report as Conference Lay Leader.

It was not possible for me to go round the whole Conference, but through my right-hand man, Mr. Enoch Chieza, the Conference Director of Youth and Lay Activities, I was able to get a picture of Lay Activities in our Conference up to the time when he resigned. I would like to express my deep regret on his resignation. He was doing wonderful work in educating our people to a fuller understanding of the set-up and running of our Church. I am quite convinced that if Mr. Chieza had stayed on, he would have now almost succeeded in eradicating ignorance which is a handicap to the smooth running of the Church. I would like to request the Conference to consider appointing another person as Conference Director of Lay Activities.

During this last Conference year, although the Church did many good things, it failed to accomplish some of its obligations. Many ministers did not receive their full support. The District Supt. Car Fund is shockingly small. There has been little or no co-operation in all districts towards raising this fund. One car has so far been purchased, but not enough money has been raised to run it and so, it cannot be used.

I deplore the healthy support given to different organisations in the church by our members without a serious thought to supporting the church itself. I would like to call the attention of all our members and organisations to this unpleasant financial state of the Church, and let us work together like bees for the improvement and betterment of all aspects of church work.

RECOMMENDATIONS OF THE BOARD OF LAY ACTIVITIES

- a. The Board reiterates the recommendation of the ministers that the Conference build one common pool, in order to eliminate poverty in the Church--the pool to be built as follows:
 Local Church
 Circuit
 District
 Conference

and that there be one local church treasurer, one circuit treasurer, one district treasurer, and one Conference treasurer.
- b. The Board recommends to the Conference that it reconsider the pension scheme of the African ministers. The present one has proved to be inadequate.
- c. We request that the local preachers take heed to their preaching appointments and that the matter be seriously considered by the respective quarterly conferences.
- d. We recommend that our churches make a thorough study of all the members following Mai Chaza, as to their loyalty to the Methodist and, if there is any indication that there is negligence in their duties to the Church and upon their

- confession, that they be withdrawn from church until they bring themselves back.
- e. We recommend that the churches collect from the individual members who have not subscribed their six pence or more to the District Superintendents car fund to do so on or before the 9th August, and see that the monies collected are in the hands of the Conference Treasurer, Rev. R.C. Gates, P.O. Box 444, Umtali, on or before the 23rd August.
 - f. We are pleased to report that Miss I. Scovil has prepared a booklet on tithing which will soon be published.
 - g. That Mr. Enoch Chieza continue the work of preparing a booklet on lay activities.

BOARD OF LAY ACTIVITIES EXECUTIVE COMMITTEE:

Messrs. J. Machiri (Chm), E. Chieza (Sec), Gwinyai, E. Makunike, J. Chipaumire, Kumalinga, W. Mandisodza, E. Munjoma, Rev. Eriksson, Miss M. Deyo.

9. MEDICAL ACTIVITIES

- a. We wish to thank the Field Committee for allowing Nyadiri Orderlies Training School to take the class of 6 male orderlies this year, and we would like to request of Field Committee that training of a limited number of male nursing orderlies be accepted each year and suitable accommodations be provided.
- b. The following plan was proposed by Dr. Bennett Horton for the Washburn Memorial Hospital and presented to the medical staff at Nyadiri and to the Medical Activities Committee and accepted, to be presented to Conference:

A PROPOSED PLAN FOR THE WASHBURN
MEMORIAL HOSPITAL April 1959
Revised

Whereas the overall aim of missions in Africa is the spread of Christianity in Africa and along with this the advancement of the African in other spheres that he may live his life to the fullest, and whereas it is my opinion that the philosophy should be a philosophy of training the African to run the hospital himself so that in the future he will be able to take full responsibility of running the hospital;

Whereas the recent actions of the African National Congress and reactions of the Government to these actions make uncertain, to some extent at least, the future position of the missionaries;

Whereas the world situation makes uncertain an assurance of peace and free international missionary activities;

Whereas the recent business recession in the U.S.A. does not give assurance to perpetual prosperity in the U.S.A. which would assure continued financial support of the missionary enterprise;

I propose the following plan:

1. That at the Southern Rhodesia Annual Conference of the Methodist Church 1959 the appointment of heads of all departments of the Washburn Memorial Hospital be filled with Africans where suitable people are available, and where they are not available that they be left "To be filled".
 2. That the missionaries assigned to the hospital be appointed to parallel positions, the name of which I leave to the Bishop's discretion (i.e. Co-head, Assistant Head, Advisor to the Head)
 3. That there be a gradual training and shift of responsibility to the African head and that this process be as rapid as possible and that the responsibility be as total as possible.
 4. That personnel be sought and/or trained to fill positions not now able to be filled (keeping hospital books is a job of this type. I do not feel that we have an African in our employ who is now trained enough to be given responsibility of the books). Of course, this seeking and training will be the hospital's responsibility.
 5. That the hospital staff be allowed to fill vacant appointments temporarily after consultation with the station chairman if medical staff deems advisable until the Bishop or his administrative assistant can make permanent appointments.
 6. That if the situation demands, the hospital staff be allowed to relieve temporarily a person of his appointment after consultation with the station chairman if medical staff deems advisable until the Bishop or his administrative assistant can review the situation. This liberty is a necessary corollary to the above if the hospital staff is to be able to shift a staff member into a vacancy or to shift a person into a more satisfactory position.
 7. That this plan be tried for one year and reviewed by the hospital staff and the Conference in 1960.
- c. In view of the fact that we are looking forward to establishing a full State Registered Nurse's Training at Nyadiri, we request approval of the Conference in the following:
1. To appoint a committee to study and make a report to Field Committee on all phases of the needs or costs in personnel and other finance for establishing this Course at Nyadiri. This should include the increase involved in maintenance of the School itself, Training School budget, and that of the African Registered Nurses, and Salaries in the Hospital necessary for this training programme, as well as missionary personnel.
 2. That permission be granted to the Hortons to promote the project in the U.S.A. to obtain the necessary financial support.

10. PUBLICATIONS

a. Old Business

1. Joseph Book: This book which was approved at last Conference is in hand in English and will be translated by Miss Scovil.

- 6
2. We invite the Agricultural committee to use the Umbowo to get out information on agriculture to the people.
 3. It was suggested that Rev. Choto prepare a book along the thought of "Ideals for Ernest Youth", writing it with M.Y.F. groups in mind; then submit the MS--about 12 chapters is suggested--to the Board of Publications.
 4. Mr. Matzigkeit is to find out about copyright arrangements for "Ideals for Ernest Youth" and "Membership Manual of the Methodist Church for Teenagers".
 5. We now have permission to reprint "How to Have a Happy Home". Translation has been done. The booklet is to be mimeographed--500 to 1000.
 6. "KuChengeta Vana" MS is now ready for printing. It was decided that the printing of the booklet can be financed from literature funds.
 7. 5000 copies of "Mabasa ye Misi Yese" and 5000 copies of "Upenyu Kwahwo Hupsva" have been printed during this past year and a booklet of scripture verses for each week of the year--"Zvibatsiro"--has been mimeographed.
 8. Miss Scovil is to translate portions of Bishop Azariah's book, "Christian Giving".
 9. The Board of Home Life and Christian Social Relations has been asked to work on a small booklet on the subject of wedding feasts and related customs as well as another leaflet giving sex instruction.
 10. Rev. Stine has been asked to gather some materials on the subject of Holiness for publication.
 11. The Commission on Worship and Music has been asked to work on "Ndwiyo Dzettwana"--a children's hymn book--and prepare copy to be submitted to the Board of Publications.
 12. The General Rules for Church Members have been translated and mimeographed by Rev. S. Munjoma and Miss Scovil.
 13. Rev. Culver has been writing a local preacher's book and has it about $\frac{1}{2}$ finished.
 14. The Conference Audio-Visual Committee is asked to consider the book-van as a way to put audio-visual materials to good use.
 15. Regarding the bookstore for Sakubva, the Director of African administration in Umtali reports that no European-owned trade is allowed inside the Sakubva township, but suggested that we try to find an African general dealer to handle books for us. Another possibility would be to establish a store in some section of Umtali.
 16. Book-van: Because the van was being used for district school work during 1958, only four major trips were made that year for book sales. In January 1959, full-time operation began. The total sales through April 1959 were £227-3-3. About 15% would be profit. Total mileage expenses for 1959 were £117-2-6, including the trip to Conference. Including the 1958 trips, total mileage expenses were £135-2-1. There has been good demand for Bibles and Testaments. However, book sales of an educational nature head the list, with books for housewives also much wanted.
 17. It was agreed either to print or to mimeograph "KuChengeta Vana", according to the discretion of Miss Scovil and the Press manager. The Medical Board reported that they estimate 1000

- copies will be used in one year's time by all medical units.
18. We endorse the promotion of "Our Africa" among our people and suggest that the book-van carry it, but we do not favor inserting Umbowo inside "Our Africa" for combined circulation.
 19. A small leaflet on tithing and another on prayer are almost ready for printing while two others, "Christ and Personality" and "What Methodists Believe" have just been printed and "Kuipa Kwe Doro" re-printed.
- b. New Business
1. We recommend that the Field Committee accept the following arrangements for financing the printing of the hymn book:
 - £1000 to be loaned from the Literature Revolving Fund.
 - 900 to be paid in advance by District Supts. for books they will receive when printed.
 - 1000 balance to be paid from Press funds. 2. A letter from the Secretary for Africa in N.Y. indicates there are funds available for Christian Education Literature production. It was agreed that we ask for \$1000. A committee comprised of K. Choto, E. Matzigkeit, and M.E. Culver was delegated to work out a program including ministers' literature kits and colportage projects to present to the Field Committee and to Mr. Blake in N.Y. The ministers' literature kits would be designed to assist them when they call in homes.
 - b. We recommend a colportage training program to be held in connection with the O.U.B.I. and Pastors' School.
 - c. Motion was passed that the Executive of the Board of Publications look into the matter of a literacy campaign and draw upon the Laubach continuation funds.
 3. Motion was passed that the Social Action Committee be asked to prepare copy in Shona and to make arrangements to finance the printing of the Social Creed.
 4. African Christian Convention Report S3 and N4: A committee composed of Rev. M. Chiza, Rev. S. Chieza, and J. Kurewa was delegated to:
 - a. make a survey to find what the actual demand is for a Shona Discipline
 - b. to translate the Discipline into Shona if there is a sufficient demand, so that copy can be ready if funds should be made available for printing this.
 - c. We point out that there are no funds for this at the present.
 5. We favour sending candidates to the Kitwe (N.R.) writing school which is being set up to give both missionaries and Africans a short term training in writing Christian literature more effectively. Those interested in this school may send their names either to R. Goodloe or E. Matzigkeit. The Executive of the Board of Publications was delegated to work on this project, to choose candidates, and to locate money for expenses.
 6. A motion was passed that it would be wise to see what response there is to the English edition and to re-evaluate the need for reprinting

"Zvekudya Zvakanaka" in Shona.

7. Board of Temperance report, item 2: The Press Manager is to look into the problems of printing these temperance lessons and report to the Executive of the Board of Publications.
8. We feel that there is too little information to give a blanket endorsement to the request from Central Mission Press, Johannesburg, to be a project of the Central Conference. Therefore, a motion was passed that we request more information from Central Mission Press, and that the Executive of the Board of Publications be empowered to act when more information comes and to pass its recommendation on to a delegate going to the Central Conference so that the matter can be discussed there.
9. M.E. Culver outlined the plan of operation of the Book-van, as was visualized by the Field Committee as follows:
 - a. Truck to be a delivery van more than a sales van.
 - b. Books to be left on deposit at as many stores as would handle them.
 - c. The books and book shelves in each store are ours--we leave them there for the storekeeper to sell what he can. Not to be considered a credit arrangement.
 - d. Storekeeper to have a % of profit for selling, turning the money over for those he has sold to the van driver when he stops in to restock the shelves on his monthly or bi-monthly visit.
 - e. The driver to speak and preach in class meetings, churches, and as many other places as possible to persuade people to go to near-by stores to buy books.
 - f. The book-van project would take the losses.
 - g. Start out with Christian store owners, and ministers and teachers who would take the books to sell.
 - h. Book van to start by concentrating efforts on one small area or district.
 - i. Van driver should try to make the project pay as much of the expense as possible.

Books would also be for sale from the van.

The Board of Publications accepted this plan of operation in principle. A motion was passed that the Executive of the Board and the director of the project and the distribution-driver of the van should work out detailed directives of operation. A motion was passed that the Field Committee be requested to put in another £500 for book stocks for the project as the January 1959 allotment for stock is too little to embark on the plan as outlined above. A motion was passed that the Executive of the Board and others whom the Executive wishes to invite are to work out various policies concerning the book van workers.

11. TEMPERANCE

- a. We ask the ministers and lay preachers to collect the Temperance Sunday money and ask that the ministers send it to the District Superintendent who shall forward it to the Temperance Secretary, Miss M. Ball at Old Umtali, for prizes for an essay or poster contest.

- b. That the temperance lessons written by the Conference Temperance Secretary be published in a booklet form with Scripture references.
- c. That both Europeans and Africans who are members of the Methodist Church fight against strong drink.
- d. We remind our ministers to read paragraph 125 of our Discipline to their congregations once a year as they read the General Rules.
- e. That the Audio-visual Committee investigate the possibility of films on temperance that can be distributed for use throughout the Conference.
- f. That headmasters arrange for a drawing or essay contest on temperance and request the local church to give prizes to the winners.
- g. We request the Medical Committee to prepare for distribution to church leaders a statement telling the harmful effects of tobacco to the body. We feel that this will help our people to understand why tobacco is evil.

12. THE MINISTRY

- a. We recommend that when students at Epworth Theological College take their appointments in January they be given the status of Approved Supply Pastors.
- b. We recommend that John Kurewa become an Approved Supply Pastor.
- c. That Geoffrey Kapenzi be admitted to Epworth Theological College in January 1960 and that he pursue his studies in that institution until arrangements are made for a scholarship for overseas study.
- d. We recommend that Basil Muzorewa be admitted to Epworth Theological College as a student for the ministry.
- e. That the Pastors' Refresher Course be set for the third term of the school year.
- f. That the library at O.U.B.I. be named "The Marshall J. Murphree Library".
- g. That an entrance examination be given to those entering O.U.B.I.
- h. That R. Goodloe obtain information from different schools that we might have this information for reference when we desire to send candidates overseas for theological studies.
- i. That R. Goodloe and K. Choto serve on the committee to approve the Local Preachers Course.
- j. That it go on record that we give our enthusiastic support to any proposed multi-denominational program that might develop in relation with Epworth Theological College.

13. TRUSTEES

REPORT ON "SUNNYSIDE"

- a. The Board of Trustees at the last Annual Conference elected a sub-committee, comprising: R.C. Gates, J. Machiri, and J.S. Wreford, to supervise "Lisnacloon" Farm, known as "Sunnyside".
- b. This property has been kept in good order and condition and used for both African and European Conventions, Youth Camps, etc.
- c. The Homestead was used by the Conference for a month or two to house Mr. and Mrs. D. Shires, who were at the time helping out at Mutambara.

- d. It is felt that the amenities of this centre for Christian Conventions, Camps, Retreats, etc. is not yet sufficiently known. Will all delegates to Conference please take note and advise their Circuits of the availability of this centre.
- e. The members of the sub-committee consider that due to distance, they are unable to give this centre sufficient personal supervision, and have recommended to the Board of Trustees that the control henceforth be vested with the Chairman of Mutambara Mission. To this the Board has agreed, subject to the approval of the Conference.
- f. The cost of taking over this gift project, valued at £3000, has been considerable, survey and transfer fees amounting to £196-0-10. Income for the year amounted to £52-5-0 and Conference last year allocated £50 to this project. This latter amount has not become available, due to lack of finance in the Treasury. "Sunnyside" is, therefore, faced with a deficit of £143-15-10, and the Finance Committee has been advised accordingly. In the meantime, this liability has been paid by the Conference Treasurer from monies borrowed from another account.

14. WORSHIP AND MUSIC

- a. Reference to item 1, page 267 (Worship and Music). A different children's song book has since been prepared by E. Russell. A committee made up of Mrs. Culver and Mrs. Kabenzi was appointed to work on the Tonic Solfa. After the approval of the book by the Board of Publications, the book will be handed to Miss Scovil for typing and mimeographing. We recommend that after the completion of the book, it be used in Junior Sunday Schools, Junior Churches, and other children's gatherings.
- b. Old Umtali Mission would like to propose a memorial to the late Rev. A. Kabenzi. The Old Umtali Executive suggests that the choir room of the Ehnes Memorial Church be named the Rev. A. Kabenzi Choir Room.
- c. We appreciate the offer given by Mrs. M. Culver to continue the work begun by Mrs. M.J. Murphree, in preparing tonic solfa copies of the hymns in our Ngoma.
- d. That the choir directors obtain from the preachers the numbers of the hymns to be used in any worship service some time during the week before the services, so that both the director and the choir may be prepared, thus improving the singing in our churches.
- e. That adults be urged to participate in church choirs, and that adult choirs be encouraged.
- f. Recognizing that music is deeply inherent in the soul of the African, and that at present there is no African conservatory or school of music in Rhodesia, the recommendation is made that a committee be appointed to get information from the Government regarding the possibilities and plans for the establishment of a school of music. The committee suggested is: Mr. G. Kabenzi, Mrs. M. Culver, and the Legal Representative of the Conference.
- g. To encourage oneness in our Methodist churches, we recommend that African and European churches exchange pastors and choirs for occasional services.

- h. We request all preachers to serve Holy Communion more often in their churches, monthly if possible.
- i. We recommend that the staff of O.U.B.I. be requested to arrange Music Institutes to train certain candidates from our districts, who will in turn organize Music Institutes in their respective districts.

B. COMMITTEES

1. AGRICULTURE

- a. Land for Widows: To help solve the continuing problem of land for widows, we ask a special committee to be appointed, composed of W.D. personnel and R.R.W. representatives to determine if and how they can take up the offer of land for the use of widows at Nyadiri.
- b. Requests for lease changes at Nyakatsapa: It was moved that action regarding Nyakatsapa requests, relative to additional free time for "off-farm work" for cash, be deferred until the leathercraft home industry program opportunity has been presented on May 28 and explained to residents, as an alternative for greatly increasing their income. This deferred item can be dealt with in the next meeting of the sub-committee (see item c) at Nyakatsapa, if necessary.
- c. Incentives to better farming at Nyakatsapa: A sub-committee composed of the three missionary agriculturalists at Old Umtali and the minister at Nyakatsapa has been asked to sit with the farm committee of Nyakatsapa to consider putting into the lease incentives to better farming. This committee is empowered to make such proposals as may arise for changes in the lease directly to Field Committee. This sub-committee was also empowered by the Agriculture Committee to deal with all matters of terminating leases and entering into new leases.
- d. We request approval from Annual Conference for payment of travel of Conference Committee members (who are not members of Conference) to called meetings of such committees.
- e. The following statement regarding agriculture extension is offered to the Annual Conference:

Aims and Objectives of the Conference Agriculture Extension Program

The general, overall aim might be stated as:

Our aim is to help people to better their lives economically, physically, socially, and spiritually for the purpose of building the Kingdom of God as revealed by Jesus Christ.

The missionary agriculturalists feel that at present the emphasis of agricultural missions in our Conference should involve in addition to existing programs on-the-farm training in rural communities to promote abundant living with Christian motivations.

The students in our academic programs have little time and generally reduced interest in agriculture. There is an urgent need for increased production, consumption, and sales by farm families.

There is an increasing impatience among African farmers in this matter, due partly to the fact that land cannot be expanded either for individual families or for increasing numbers of families. There is an increasing urgency to relate stewardship of the earth and its products to the Christian Church and its ongoing programme. On-the-farm training should give quicker results in changing basic attitudes and the acceptance of better practices to bring about the abundant life, than by the training of academic students who most likely will not return to farm life.

In order to make sound gains in agricultural mission education, we wish to continue a policy of intensified effort out of one centre. This intensification is felt necessary in working with the Government in agricultural education. (This general proposal has the approval of the Department of Native Agriculture and promise to cooperate at all levels). Then too, by concentrating our personnel at one centre, the problem of obtaining continuity due to furloughs, sickness, etc. can be solved more easily than by having the basic programme spread over several stations.

It is not the purpose of this programme to duplicate the effort that is or can be done as well by others. For example, if a programme of custom work with farm machines is desirable, we would encourage private and cooperative ownership rather than mission operation or ownership. Neither would we duplicate Government efforts in teaching agricultural practices and improved community living nor would we work at cross purposes with them. The essential difference between what we strive for and what Government does is indicated in the latter part of the motto, "Produce for life and live for Christ".

Because of the possibilities offered by farm mechanisation, we want to include in our extension programme a thorough programme of testing agricultural machines, including small tractors, for their practicability under typical conditions. This must be done before any degree of mechanisation can be recommended.

The same is true of all agricultural practices, both for improved farming with oxen and in connection with a mechanised farming programme. We want to set up a plot at Old Umtali farm for preliminary testing of many agricultural practices by a missionary himself. To indicate how comprehensive the testing programme should become, the following list suggests what practices might be tested:

Crops: sub-soiling, mulch farming, drainage techniques, plant spacing, improved seeds, new crops (food, feed, cash), pasture improvement, soil testing, fertilizer types, rates, application, hydroponic gardening, disease and pest control

Livestock: housing for small livestock, fencing materials and construction, feeds management, disease and pest control, breeds and cross-breeding, fish farming

Use of Machinery for Farming

Other: hand-drilled boreholes, washing machines, stoves, saws for brush clearing and firewood,

different uses of mechanical power, farm planning and layout, better homes and sanitation, etc.

In addition, two or more African testing farmers will operate typically sized farms at Old Umtali for proof testing--using oxen and mechanisation--of the various practices which after experimentation the testing missionary considers recommending. It should be emphasized that it is folly to encourage farming practices not so tested under Southern Rhodesia African farming conditions.

To carry our work out to the farmer in African areas we would choose farmers whom we think could with supervision make good use of agriculture machinery purchased under our guidance. Any credit facilities, sales, and service would be provided by the manufacturer or dealer. We would also carry on an intense programme of education and supervision with agricultural missionaries and demonstrators working with farmers on their farms in purchase areas, reserves, and tenant farms depending largely on the aptitude and ability of the farmers. We would hold short courses on tractor operation and general farming practices. We would make more easily available livestock and plant nursery stock. We would disseminate printed information with the results of our experimentation, tests, and information from other sources.

Not overlooking other possibilities in agriculture, we would like to work with students in the O.U.B.I., thereby hoping to influence future rural church leadership and that they might have sympathy for and give help to our programme.

Points of possible cooperation with the Institute by part-time help from each of the three missionaries stationed at Old Umtali might include: lectures, discussions, practical experience, and demonstration on:

- a. Special Christian worship for planting, harvesting, and rural stewardship, i.e. the Lord's Acre (to be planned with the O.U.B.I. staff).
- b. Formation of cooperatives for financing, marketing, buying, breeding stock, seed supply, fencing, boreholes, dams and irrigation, work, machine use, etc.
- c. Bookkeeping
- d. Soil sampling (for tests)
- e. Orchard planting and care
- f. Observation of short courses and other dissemination methods--the result demonstration.
- g. Cottage industries
- h. etc.

We are not recommending reduced plans for the personnel in agriculture for Mutambara and Nyadiri. Rather, we request that these men be allowed more time for agricultural production and education at and around these stations. We would want to expand the agricultural work at both these centres when possible, taking into account personnel and other resources for the job.

f. Coordinating Committee at Old Umtali on Agriculture Extension: We ask approval of a coordinating committee at Old Umtali composed as

following: Chairman--the missionary in charge of testing agricultural practices, the missionary farmer on the production unit, the extension agriculturalist, the African farm foreman, the two trained African agriculturalists who will assist in the program of extension and testing, the Principal of O.U.B.I., and one African staff member of the Institute (Rev. Choto is recommended for this membership)

g. Recommendations on Muskwe farm:

- 1) That a detailed explanatory statement about the Muskwe farm land problem be included in the Conference minutes. That this be done to guard against possible recriminations from Conference if any feeling might arise had disposal of the land been done without consulting all concerned.
- 2) That until at least next Conference we do nothing to precipitate the relinquishing of any right we may have to this land. This proposal can only be justified if we take definite steps to use the land well.
- 3) That a special committee composed of M.W. Murphree, H. Griffin, D. Sadza, and J. Kuture be appointed to study workable plans for use of the land. A report should be made at next Conference. This should include a motion for either utilizing Muskwe in a manner feasible to our resources and satisfactory to Government or failing this, a motion for letting the land go. It is essential that this committee act early in order that the Government may be assured of our good intentions.

h. Memorial to Central Conference: At a meeting of agricultural missionaries under the chairmanship of Bishop Booth in April this year, the Rhodesian Agricultural Committee was asked to send a memorial to Central Conference to this effect:

"An interim committee is named to work with Bishop Booth until such time as the Board of Agricultural and Industrial Activities of the African Central Conference can officially organize this function".

The interim committee chosen at that meeting were as follows:

Bishop Newell S. Booth, Chairman

Rev. Malcom J. McVeigh, Quessua, C.P. 9,
Malange, Angola

Rev. Dean Freudenberger, Mission Methodist,

2. AUDIT

The following books have been audited and found to be correct:

a. Umbowo		
	Cash Balance	2-12-3
	Accounts Receivable	217-17-11
b. Ngariende,	Cash Balance	41-12-3
c. Rukwadzano,	Cash Balance	1082-17-10
d. African Christian Convention		
	North, Cash Balance	77- 3- $\frac{1}{2}$
e. Conference Treasurer,	Cash Balance	33- 1-9

Chikwizo Books:

A new set of books were started by the new Treasurer after the 1958 Conference because the previous set of books with a balance of 4-3-4 were not handed over to the new Treasurer.

The Cash Balance in the new set, 32-15-3, plus last year's balance of 4-3-4, makes a total balance of 36-18-7.

The balance shown in the new set of books, 32-15-3, is all in cash on hand.

Chikwizo Building Books:

The books have been audited and all entries have been found to be correct. The books show a balance of 426-18-9. The Treasurer reports that part of this money is in the Savings Bank and part in cash on hand.

African Christian Convention South:

The books were audited on June 4, 1958, and found to be in order. Cash Balance 104-12-5.
(A. Muzorewa and E. Kinyon)

M.Y.F.:

The books of the M.Y.F. were presented for audit on July 6, 1958. The last date the books had been audited by the Conference Audit Committee was December 28, 1956, showing a balance of 85-2-2. Four vouchers were found without signatures, totalling 26-17-6. Therefore, we cannot accept the balance of 63-18-8 from the 1957 Treasurer, the previous Treasurer, as being correct when books were turned over to the new Treasurer for 1957 and 1958.

The remaining records of receipts and paid out vouchers were checked and found to be in order with minor corrections. No statement of cash on hand was made, but 11-5-6 is held in Savings Account. Books show a balance of 45-5-3, so there should be 33-19-9 cash on hand in the cash box. (A. Muzorewa and E. Kinyon).

The present Treasurer's new set of books started in January, 1958, were audited and with minor corrections were found to be in order with 45-18-0 cash balance on hand.

The correct balance according to these two audits should be:

45-5-3	Present cash balance
33-19-9	Not turned in from 1957-58
	Treasurer
26-17-6	Error in 1957 books

Actual Balance Should Be 106-5-0

The following books were not brought to Conference audit:

African Christian Convention South
Wabvuwi South
Wabvuwi North
Honde

Of these Wabvuwi North and South, and Honde were not brought for audit 1958.

Recommendations:

- a. We refer to the report of our committee at the last Conference which says:
 "We recommend that whenever books are handed to a new Treasurer, at least two members of the audit committee must be present, to see that all money is turned over according to the records." We want to reemphasize this action because a complet audit for two sets of books has not been possible this year as the ruling has not been followed. This ruling must now be followed.
- b. Because of the difficulties the Treasurers of the various Conference branches are facing in keeping proper records, we further recommend:
 That simple courses in bookkeeping be offered and included in the curriculum at O.U.B.I. and Epworth. A similar course should be included in Pastors' School.
 We recommend this because we do not find it fair to ask people to handle funds and keep records without giving some instruction.
- c. Recommendation no. 2 of last year's report should be changed to read as follows:
 "Every treasurer must have a special box to keep the money separate from other funds, and this box with the cash on hand must be brought with any savings account book at the time of audit".

3. CO-ORDINATING COUNCIL OF UMTALI

This committee has been active and has met several times during the year. So far, our meetings have been of an exploratory nature in an effort to discover what steps could be taken in order to bring about a real sense of unity in the work of the people who call themselves Methodist in Umtali.

We feel that there is a growing desire on the part of many of our people to come to know more about their neighbours in the work of other Methodist organisations in and around Umtali. We have, therefore, been searching for practical steps to make this desire a reality.

Some of the suggestions that have been discussed in these meetings are as follows:

- a. The possibility of electing laymen into important Boards and Committees supervising our Mission work, especially in our mission centres such as Old Umtali, which is so close to Umtali.
- b. The possible use of St. Andrews members in teaching in African work in Umtali.
- c. The interchange of groups. The example given was that of church choirs or solo-

ists. It was the suggestion of the Coordinating Council that brought the Ambassadors Quartet to St. Andrews Church on Palm Sunday Evening.

- d. All of us should promote education and help to maintain a flow of information both ways. In other words, it is difficult for the Pastor at St. Andrews to invite his congregation to attend special events at Hilltop or Old Umtali if he is not kept informed of what is going on. Likewise, the Pastor at St. Andrews has a responsibility to let the people at Old Umtali and Hilltop Church know of special events in St. Andrews that their people might like to attend.
- e. Church extension was another item we discussed at length. The Committee felt that at the present time we ought to emphasize European and Coloured church extension in St. Andrews while at the same time we are slowly but surely beginning the coordination of African, Coloured, and European work as suggested above.

The greatest handicap to our work this year has been the fact that we have not had an African delegate at a single one of our meetings, though the delegate was regularly notified of the meetings.

4. INTERDENOMINATIONAL RELATIONS

a. Fraternal Delegates to Other Conferences:

We suggest the following as fraternal delegates to other Conferences:

S. Congo	P. Hassing
C. Congo	
Angola	

S.E. Africa Dr. and Mrs. Horton

b. Fraternal Delegates to Synod:

We suggest as fraternal delegates to the Synod (2nd week of January in Salisbury):

Missionary Ministers:

K.E. Eriksson

M.W. Murphree (alternate)

African Ministers:

K. Choto

M. Chiza (alternate)

W.D.C.S.:

J. Pfaff

E. Ashby (alternate)

African Lay:

J. Machiriri

D. Sadza (alternate)

c. Theological Council:

1960: M. Deyo, E. Chieza, O. Stine

1961: V. Otto, S. Kowo

1962: S. Chieza, K. Eriksson

alternates for the year: E. Aeschliman,
S. Aldrich, N. Madzinga

d. Mt. Selinda:

We wish to express our appreciation for the cooperation we have enjoyed with the American Board of Commissioners for Foreign Missions, and ask the Conference Secretary to extend an invitation to them to send a fraternal delegate to the next session of

our Annual Conference, with the hope that this will lead to further cooperation between our two groups. The Secretary is also asked to invite the Free Methodists to send a delegate.

- e. Inyati Celebration--last part of October:
In view of the historic importance of the Inyati Celebration in October of this year, we make the following suggestions to underline its significance to our people and our country:
That a committee composed of W. Kinyon, B. Smalley, K. Eriksson, and M. Deyo be constituted and responsible for:
 - 1. Preparing and presenting an exhibit on the Methodist work in S.R. at Inyati, with the possible cooperation of Synod.
 - 2. Representing our Church at the Celebration.
 - 3. Taking appropriate steps to see that the significance of this event is appreciated throughout our Church. To do this we would suggest the following possibilities: putting the date in the Church Calendar, putting material on the subject in M.Y.F. programmes, holding a joint service of celebration in the cities with other churches, preparing an article for Umbowo, preparing and distributing material to the pastors.
- f. It was noted that where it was necessary to make a distinction between the Conference and the Synod, the official legal designation of our Church in this country is "The Methodist Conference of Southern Rhodesia".
- g. In view of the desirability of arranging plans together for the field work of the Theological College students and in sharing together experiences of worship, we request that Synod and Conference leaders in Salisbury and the College explore possibilities for joint services, exchange of preachers, and a common preaching plan or a "Larger Parish Plan". Following such exploration, we request that the Methodist Council discuss the suggestions that may be made.
- h. We recommend that R.C. Gates and S. Chieza investigate the possibilities of attaching an evangelist to our church in Salisbury to work among the Sena-speaking people there.
- i. We recommend that the churches of our Conference invite K. Choto to speak on the All-Africa Conference, with the understanding that his travel expenses be paid by the churches and that a free-will offering be taken for his work.
- j. We recommend that W. Kinyon make representations to the Executive of the S.R. Christian Conference concerning distribution of surplus food shipments from the International Cooperation Agency.
- k. We commend to the Conference the findings of the Southern Africa Regional Conference.

e. S.R. Christian Conference: May 1960
 Delegates: K. Eriksson, H.D. Griffin, V.
 Culver, B. Horton, S. Kowo, M. Murphree,
 K. Choto, M. Wakatama, I. Mhlanga

5. MATTERS OF DISCIPLINE

Two questions have been presented for interpretation and definition:

- a. The Principal at Old Umtali asks, "What is the rule regarding the disciplining of a teacher whose bride is already pregnant at the time of marriage?" The ruling requested is in regard to his teaching position.
- b. The other request is from the African Christian Convention (North) which requests "That all Superintendents of churches deal equally with any church member who commits adultery, regardless of the position which a member may have in our church".

We submit the following ruling and statement:

Any church member committing adultery must come under the discipline of the Quarterly Conference.

The disciplinary measure should include the loss of any office in the Church, including a teaching position, and the loss of status as a full member of the Church (but not necessarily excommunicated).

However, we wish to forward to the Conference and all Quarterly Conferences that our motive in disciplining members is "to get weak Christians deeper in rather than out". We would advocate that no soul be disciplined at the Quarterly Conference in which his name is first brought before the Conference, but at that time plans be made for the redemption of that individual. At the following Quarterly Conference disciplinary action be taken in keeping with the state of repentance and condition of the spiritual life of said individual. We further advocate periods of probation rather than excommunication for all who show signs of repentance. Length of probation is up to the Quarterly Conference. Furthermore, we emphasize that discipline is to help rather than hinder and the fellowship of the Church is always to be open to weak souls. Our Church no longer needs to think in terms of protecting itself against weak Christians--it now should consider itself spiritually able to carry weak souls in need of help.

Since we do not regard this as a disciplinary matter, it was recommended that item b, concerning the practice of the Rukwadzano examining the bride, be referred to the Executive of the R.R.W., as it is a matter dealing with their customs.

6. MEMOIRS

There were no deaths among the families of African or Missionary Ministers this year.

7. RESOLUTIONS

The long-awaited opening of Nyadiriri's beautiful new church building gave the 1959 Conference a spirit of expectation and dedication.

God Himself seemed to speak to our fellowship, "Love one another, for love is of God".

To Nyadiri Mission we wish to express a heart-felt thanks for all that they have done for this Conference. We are glad that their staff has taken the initiative in serving all of us together in a joint dining room.

To each one who has helped with flower arrangements, music, teas, and other things, which added to our pleasure, we say thank you.

The Ambassadors Quartet has been a very inspirational factor of this Conference and we wish to give thanks to those who have helped them to prepare. We appreciated the programme which they presented to our Conference at the Bishop's Reception and we feel that they will be excellent representatives for us as they carry their message overseas.

We bid farewell to Miss King, Mrs. Jones, and Rev. and Mrs. Hassing who have given us faithful and loving service and we wish them a safe journey and many happy memories.

We appreciate the interest shown by Chief Nyajina and his sub chief in their presence at this Conference.

Mr. and Mrs. Grant from the All Africa Church Conference and Mr. Booth from the British and Foreign Bible Society helped us to become aware of kindred Christian organisations.

Welcome Home to Bishop and Mrs. Booth, and we express our sincere gratitude for the inspirational and devotional messages which he has brought. The spiritual tone of the devotions was kept at a high level by our two Synod guests, Dr. Spivey and Rev. F. Rea.

We are thankful for the leadership of Bishop and Mrs. Dodge. Each of us will take away from this Conference new hope for our situation in a changing world. His message on the closing Sunday will challenge us throughout the year with the reminder that the Gospel of Christ is the most revolutionary message in the world; that the change which will take place must be by peaceful means; that the Church sometimes fosters violence by keeping still; and therefore she should speak on politics which will help to make a more Christian society in Rhodesia.

Our sincere thanks is extended to all those helpers behind the scene--especially the efficient office and secretarial workers.

8. STUDENT LOAN

We remind the people concerned that loans cover only boarding fees, not book fees, uniforms, etc.

The Treasurer's report shows that there is practically no money on hand. Therefore, we agreed not to grant any new loans until more money has come in.

Miss J. Pfaff offered to raise enough money so that those who were granted loans for the first term are guaranteed a loan also for the second term.

Students who have loans this year must be warned that loans for third term fees can be paid if people pay back loans.

A committee to find out addresses of those who owe the Student Loan consists of: J. Pfaff,

S. Aldrich, M. Wakatama, I. Jansen, G. Kapenzi, and I. Musamba.

Mr. Jansen was chosen as Chairman's assistant.

We recommend that July 26 be used as Student Loan Sunday. There should be an article in the Umbowo about Student Loan giving. Miss Otto and J. Machiri were nominated to write the article.

We remind the treasurer of Student Loan to send Student Loan money for purposes of fees to Principal and Head of girls' boardings.

Executive: E. Chieza, I. Jansen, G. Kapenzi, J. Pfaff (until L. Pfaff), S. Aldrich, and J. Machiri.

All money given to the Student Loan must go into the pool undesignated to specific names.

C. SOCIETIES

1. AFRICAN CHRISTIAN CONVENTION
NORTH

The 30th session (7th of the Northern Section) of the African Christian Convention of the Methodist Church was held at Nyamutumbu in Mrewa District, in August 1958.

We were greatly honoured by the presence of Bishop Dodge who delivered an encouraging message and conducted the Holy Communion Service.

To the Annual Conference we request:

- a. That the Annual Conference continue on its programme of training Ministers and Evangelists though some local churches seem to have financial difficulties with the support of the present ministers.
- b. That a woman who remarries outside the Church by legal rites, then later repents, joins the church and desires to be received into R.R.W., be discussed in principle at the Central Conference.

- c. That the name "African Missionary Society (Ngariende)" remain in use, unchanged for the Chikwizo work, instead of replacing it with the name "Board of Missions".
- d. That the Discipline of the Methodist Church be translated into Shona even if it means an increase in Conference Assessments.
- e. That Junior Church work should be encouraged in our churches. That the Conference should consider the question of material, programme and Syllabuses or texts to be used in Junior Services.
- f. That all ministers in our Conference prohibit and discourage unnecessary tributes to them, or their wives, or R.R.W. leaders, made by a bride or bridegroom while dressing or preparing for the couple's wedding--except the known ten shillings.
- g. That all Superintendents of Churches deal equally with any church member who commits adultery, regardless of the position which a member may have in our church.
- h. That the children's Sunday School should have pictures that go with the lessons of the day. This will enable children to comprehend better, and also encourage them to attend.
- i. That the School Superintendents appoint Methodist Head Teachers to our schools, so that the teachers will be able to carry out the Methodist principles, and so that they may be appointed Local Lay Leaders of the Church, not as Head Stewards. This will cultivate cooperation between school and church at a station.
- j. So far as is possible, the Head Teachers should be experienced men of the Methodist Church, not fresh from school.
- k. The question of a second wife desiring to join the R.R.W. after her husband is dead must be taken to Central Conference.
- l. That the R.R.W. conform to their constitution, thus enabling any active full member of the church to become a full member of the R.R.W. if she desires.
- m. Officers: Rev. J. Kawadza (Chm), Rev. J. Chitombo (Vice-Chm), Mr. J. Muskwe (Sec), Mr. W. Buwu (Vice-Sec), Rev. W. Mandisodza (Treas), and Mr. W. Marima and Mr. J. Makande (Committee Members).

SOUTH

After a long discussion on the change of the word "Ngariende" to "Board of Missions", we agreed that the change wait until a later date.

We urge our ministers to follow the church Discipline, that all the Lay Officers be voted upon yearly. The last quarterly meeting of the year is the suitable time for this vote.

We request the Conference to have more rituals printed, and include the General Rules.

We urge our circuits to work hard and improve in their giving to the Church, so that our ministers and evangelists receive their salaries monthly.

Instead of buying motor cycles for our ministers, let us think more about their salaries.

Since the Education Department is demanding higher qualifications for teachers, consideration should also be made by Conference to have people with teaching qualifications and church interests appointed as District Superintendents of Schools, so that they will be able to give more academic help to both teachers and children, than that which is being given now.

The following are appointed as a committee to speak with Bishop about Pensions for church lay workers: J. Machiri, I. Musamba, E. Chieza, J. Chidzikwe.

We want Head Teachers of good character regardless of their denominations.

In the places where school books are sold, the books of Christian Literature should also be sold.

Beginning today, we emphasize the "6d" from each member for the Christian Convention, and that the delegates plus the circuit members bear in mind that they have the responsibility for collection.

We request the committee on Conference Programme to have the Christian Convention items read first at every Annual Conference.

At sessions of every Christian Convention a lecture should be given on "What is the Christian Convention?"

We request that all the local churches send a delegate to the Christian Convention.

After 30th June every year no items will be received for discussion at the Christian Convention.

Officers: S.W. Munjoma (Chm), S. Kasambira (Vice-Chm), E.N. Matongo (Sec), E.P. Chieza (Vice-Sec), M.P. Mparutsa (Treas). J. Machiri, R.M. Chieza, and J. Chinono (Committee Members). P. Hassing and V. Otto (Advisory Members).

2. AFRICAN MISSIONARY SOCIETY (NGARIENDE)

The work of the Church at Chikwizo is growing. Many people are coming to church. During the year we received a good number of people as full members and probationers of the Church.

To show you friends how the Devil is still ruling many of our people in Chikwizo, I will tell you of something happening to one of our neighbouring families. Our Mistress was telling me that she has trouble with the names of the boys of this family. This is what happened. A baby boy was born into this family and became sick. The parents took the baby to the witch-doctor and were told that the reason of the sickness was the dead uncle desiring the boy to be named after him. The uncle's name was Nyanduwa. This they did and named the little boy Nyanduwa. Another baby boy was born and the same thing happened. They took him to the witchdoctor only to hear the same thing said. They obeyed and called him Nyanduwa. A third son was born and

the same thing happened, so we have three boys with one name.

Brethren, these people need our help. The work of the school is going on very well. We hope this coming term we shall have all trained teachers in our school. It is a school of four teachers. We are very happy about this.

Before I tell you anything about the clinic I will tell you a little story. One day I visited a witchdoctor and saw a patient there who had spent three months receiving treatment. The sickness was failure to get a boy to marry her, so she was drinking all sorts of dirty things to be cured. After some time I visited the witchdoctor again and she told me that her patient had succeeded in getting a boy to marry her and that the Lobola was to be presented to her first. Of course, you know what she will do. She will certainly take her share of that Lobola.

The work of the clinic is challenging these witchdoctors. Many people are coming to the clinic now. One day we saw a gathering of nearly sixty people waiting for our doctor and sister from Nyadiri Mission. Before the people were examined, a short prayer service was conducted. As you have seen from pictures, our clinic is now completed and ready for dedication.

The water tank is already fixed by the school building and we have some water in it already. It holds 2500 gallons of water.

The teachers' and nurses' house is ready for roofing now. Our people in Chikwizo have made and burned many bricks for the work. We thank the Chief and his people for their great cooperation in the work.

We appreciate greatly the work done by the R.R.W. It is because of the funds which we were given by the group of devoted Christians that we were able to build the clinic, buy a big water tank, and build a teachers' and nurses' house. May God bless them for their good work.

During the year we have received special gifts for the work in Chikwizo from: Mr. Hokonya of Mrewa, Mr. Kanoyangwa of Mtoko, Nyamuzuwe Junior Church and Kariba Church. Mr. Mayibaya of Nyadiri helped greatly by transporting free a load of timber and asbestos. He also helped by carting bricks.

We thank the Lord for all this kindness shown by these men, women, boys, and girls. May this spirit of giving grow among our people. We are looking forward to a happy and prosperous year. Remember us in your prayers. MAY GOD BLESS US ALL.

4. RUKWADZANO RWE WADZIMAI

Annual Executive Meeting: The R.R.W. held their first joint (North and South) executive meeting at Muziti, April 23-24. This meeting was attended by 64 delegates. We were happy

to have with us some of our ministers, Mrs. Ralph Dodge, Mrs. Stine, Mrs. Griffin, and Mrs. Culver. It was an historic meeting since this was the first time the two sections of R.R.W. had met together.

At the Executive the following committee was appointed to revise and bring up to date the Constitution of the R.R.W.: Mesdames E. Jangano, S. Chieza, M. Culver, P. Nyamukapa, T. Maranke, and Ndumiyana.

The following recommendations were made for inclusion in the Constitution, subject to the approval of Conference:

- a. No. 4 of the Constitution under Membership should have "and all older girls" added, so that it reads "All women and older girls who are full members of the Methodist Church may be received as members of the Rukwadzano".
- b. A further addition is made to read "One not married in the Christian faith will not be received as a full member of the R.R.W."
- c. No. 5 of the Constitution under Dues should be revised to read "The annual dues for full members of the R.R.W. are 2/6. The annual dues for probationers of R.R.W. are 1/6".
- d. Under no. 4 relating to the wearing of the badge, this addition is made "It is not necessary for a Rukwadzano member to wear her uniform when visiting the sick or greeting strangers."
- e. The following addition is made to the Constitution "Any girl or woman who has conceived and now wishes to have a church ceremony should not wear the veil or crown."
- f. Under no. 1 of the Laws of the Constitution, these words should be added "She should see that her children are adequately dressed at all times."
- g. Under no. 10 of the Laws should be included "All members of the Rukwadzano are expected to attend faithfully the Sunday services, as well as the weekday services, and to take active responsibility in the work of the Church, and to pay all dues promptly."
- h. We wish to include a paragraph from the Discipline of The Methodist Church, Africa Edition, Article 167, no. 2. "The purpose of the Woman's Society of Christian Service shall be to unite all the women and girls of the Church in Christian living and service".

The motto of the Rukwadzano Rwe Wadzimai is "TO SERVE CHRIST AND OTHERS". This year we have tried to do this by serving the local church and our missionary programme.

The Rukwadzano helped provide for many of the local needs through service, love, and monetary gifts.

The Rukwadzano were happy to help the missionary programme of the Church by building at Chikwizo a water tank, a lady teachers' house, and a clinic, through the contribution of a gift amounting to £990. In addition, the R.R.W. have pledged this year £400 for a residence at Chikwizo.

We thank God for the opportunity to serve Christ and others.

CHANGES MADE IN THE RUKWADZANO REPORT

Item b: Referring to this item of revision of the R.R.W. report, we wish to call the attention of Conference to the report of the Board of Lay Activities in last year's Journal, page 274, item 3. It was passed by Conference that a woman must have had a Christian marriage in order to be received in full. Therefore, this item b in this R.R.W. report is only a fulfillment of that previous vote, making the recommended revision in the handbook.

Item d: This has been reworded to read "It is customary when appropriate, but not a law, to wear the uniform when visiting the sick".

Item e: We acknowledge that this is not to be a rule within the R.R.W. handbook. Therefore, we wish to remove it from the list of revisions and include it in our report as the following request--"We request that the Conference make clear the position of the Church regarding the wearing of the veil by one who is already pregnant."

5. WABVUWI

SOUTHERN

The fourth Fishermen's Annual Assembly of the Methodist Church met at Nhedziwa in Mutambara Reserve, on Thursday, July 10, to Sunday, July 13, 1958, with the Chairman, Mr. F. Chipaumire, presiding. There were approximately 2,499 people, men and women. The presence of God was felt by the whole Convention, as many went home witnessing "We were saved." There were many people giving testimony of being saved, but there were two back-sliders who gave their lives to Christ--one from Inyanga and the other from Bulawayo.

Our official speakers were arranged as usual, two circuits to preach at the same time. Also we had Mr. E. Chieza, who was given time to speak to the group of Wabvudi only, trying to explain the meaning of Ubvudi in the Church, and the work they should do. At this time people were divided into groups, so as to give each one a chance of expressing himself to God, or give his or her life to Christ. The reports from the groups were very encouraging.

We were honoured by the presence of Chief Mutambara who, after his introduction, spoke to the people expressing his gratitude for the work done in his Reserve. Besides him we also had Chief Gandanzara, who spoke on behalf of all Chiefs. He said "If all the Chiefs of Africa could be converted, the whole of the Africans could be saved."

On Sunday, the District Superintendent, Rev. Eriksson, and twelve other pastors, served the whole Convention with Holy Communion, and 1336 took the Sacrament.

Our chief aim is to serve others, and to win them to Christ. We do this in several different ways. Here are some of the reports

from some of our circuits, and the work they have done:

Umtali Circuit:

During December at Christmas time we helped the orphans with the sum of thirty-five shillings for Christmas presents. We helped some of the sick people in Hospital and in homes. We visited the backsliders, and we won two.

Zimunya South:

We helped our Chairman, Mr. A. Mafute, whose house was burned to ashes, with the sum of three pounds five pence. Mr. Mufute reported he had collected the sum of seven pounds, ten shilling. Chakohwa, Zimunya North, Umtali and many others helped him.

Old Umtali:

We helped one woman during the death of her son with the sum of four pounds fifteen shillings. We helped the orphans with eggs, pumpkins and vegetables, and some with money; and we visited the sick and backsliders.

THIS IS THE AIM OF WABVUWI.

Officers: F. Chipaumire (Pres), S. Nyamana (Vice-Pres), R. Chitakatira (Sec), C. Zisengwe (Vice-Sec), M. Chirimbani (Treas), J. Machiri (Advisor). P.K. Mudziwa, F. Chigudu, and Mandisekwe (Committee Members).

NORTHERN

The work of Wabvuwi is going on fairly well. Since the Annual Meeting which was held on September 18-21, 1958, we are doing our part as fishers of men. Many souls were helped and brought to Christ.

Mrewa East: Our member who was the treasurer of the circuit died on the 4th of December, 1958. Friends gave much help and also gave 8/9 in buying the necessary things. On December 14, 1958, at a meeting eight souls were won for Christ. There is a great need for wider work and a strong revival to be done by Circuit Chairmen.

Mrewa West: We have helped a friend with 1-6-0 who was stricken by lightning. We are also sorry because one of our members died at Kambarami. We as Wabvuwi went to help his family by weeding the fields. Our funds are going on well.

E. COMPOSITE REPORT OF DISTRICT SUPERINTENDENTS

"Praise the Lord, O my soul, and forget not all his benefits". In reading the reports of the various units, one is filled with humility, with praise, and with gratitude to God for the many Christian people who have carried on in fruitful labour, often in unknown ways and generally without appreciation in day-to-day service in what may appear to be commonplace routine, all a service in the name of our Lord Jesus Christ.

We express sincere gratitude to Bishop Dodge for his episcopal leadership, to our ministers, teachers, nurses, doctors, printers, and all others who have given loving and dedicated service through the year.

We are in a period of construction of buildings throughout the Conference. Nearly every District speaks of the many new churches, school buildings and teachers' houses going up in the Centres and Reserves. We need to remember that the local people provide nearly all the money and labour for the buildings constructed in the Reserves.

Nyamuzuwe reports 64 girls in boarding, an increase of 12 over last year. The District schools have been improved, but at Mtoko the problems are increasing. Late in 1958 we were given reason to believe that the Education Department would put these schools on an aided basis in 1959. Since then we have been told they may aid them one at a time beginning in 1960. If this is true, some of these unaided schools will have to close.

In September, Bishop Dodge dedicated the new church at Kowo, but this is the only substantial church building in the Mtoko District.

When one considers that our Church has only about 700 full members in the Mtoko District out of a population of approximately 60,000 it is cause for grave concern. We have been working in the Mtoko District for 47 years. It is still the frontier of our Conference, an evangelistic challenge that must not go unheeded. "Let us go forth into the fields that are white unto the harvest."

Frequent change of leadership personnel has marked the year at Mrewa, yet progress has been made. School enrollment in the villages is about the same as last year. The percentage of trained teachers has risen from 25% to 30%. Mtise is in the lead in building, with a school of three classrooms and two offices.

The Superintendent of the Mrewa-Nyadiri District reports fruitful revival meetings and says, "We thank God for Christian friends overseas for their help in erecting our church buildings at Nyadiri and Salisbury."

Epsworth Theological College was opened in January. There are fifteen students and a staff of four.

At Nyadiri Centre this year the major accomplishment has been to complete our new O'Farrell Methodist Church to the stage that it may be used as the worship centre of our mission. This need of over forty years is finally

to be fulfilled with the opening at this session of the Annual Conference. Working together, the local congregation, missionaries, and overseas donors have all laboured to make this possible.

At the boys' boarding department, a new dormitory housing 62 boys has been completed and fully equipped. A new dining room accommodating 120 boys has been built and put into service, in addition to the old dining room together with the new fully equipped kitchen built this year, and improved bathing and cleaning facilities, the boarding conditions of the 240 boys are much improved and when buildings now planned for are completed, we shall be able to meet the demands of the Government and the desires of the mission.

At the schools area, new sanitary facilities for the boys, sorely needed for many years, have been completed. Central Primary School has been repainted in part; the new classroom building for Lower Primary School has been completed and put into use. The landscaping of the school grounds has given this area of the mission a "new face".

At Washburn Memorial Hospital, the services are greatly expanding, and a larger community is taking advantage of our healing ministry. The new kitchen and laundry are nearly completed, housed in the old hospital building; these will increase the ability of the hospital to serve a greater number of people in a better way.

The large tuberculosis unit of the hospital is more than half completed and will soon be ministering to this drastic health problem. The Nursing Orderlies Training School has this year accepted six male orderly trainees as a new venture in attempting to give a wider service to our church areas. Plans are being made for the eventual training of fully qualified registered nurses.

The installation of two additional large generators of electricity will improve our mission power and lighting facilities as soon as a new transmission line is erected.

All of this physical improvement on the mission has only been possible because the spiritual service of our people has been at a very high level. All times the staff members of the mission departments, together with all members of the congregation, have given their fullest cooperation for this development. Working as a team, the work of Christ goes forward.

The ministry of the hospital chaplain has been very effective and very well conducted. Regular daily services, in the chapel and in the wards, have sent the Gospel message back to many villages through the lips of those who can witness saying "I felt His healing hand touch me".

Our station pastor, though troubled by physical ailments, has given a very effective ministry to the station congregation and the student body. We regret that on account of illness he is unable to be in our Conference session. He has laboured in helping to bring our church to its present state of completion.

In the Mtasa-Makoni District, the Rukwadzano, Wabvuwi, and M.Y.F. have given excellent witness. These Methodist groups have won many to Christ, not only by preaching the Gospel to the people but by going among the people and talking to them about our Saviour Jesus Christ they have helped much by bringing wood to the needy and to those in hospitals.

The ministers of Mutasa-Makoni District had difficulty this year at Sherukuru in the Gandanza Circuit. Some of our Methodist members were growing tobacco. The minister talked to them about it and some of them decided not to grow it any more, but some are still thinking it is a good thing to grow tobacco for the money it brings in.

Also, there is a difficulty in the Conference about Mai Chaza's movement. The Methodist members who go to Mai Chaza and leave their own churches on Sunday are doing much harm among our people.

At Mutambara the District Superintendent reports: "O God, how great Thou art" has become the theme song, for during the past Conference year God has done great and marvellous things.

His help has been manifested in the expanding Teacher Training program, and now a beautiful new building improves the campus. Soon the classes will move into the new quarters, and a library and utility block will also be added. Sixty-one students are now enrolled in the two classes and there are three full-time teachers. Plans are already underway for the landscaping.

New school buildings have also been erected in Mutambara District and the percentage of trained teachers is nearing 60. It is hoped that one more Upper Primary School may be added next year in the outstations.

The farm work as last year has been successful, but the water situation has impeded certain projects. Due to the lining of the furrow there has been serious stoppage of the water for irrigation, building and household needs.

God's greatness and sufficiency have been evident in the medical work and the thousands treated in the clinics continue to be a great ministry. A very lovely home for nurses has been completed this year and the nurses are enjoying their new dormitory.

Special Easter week services were conducted by Rev. Per Hassing and Mr. J. Makuto. The meetings were a great blessing to all.

Each local church has been visited for Quarterly Meetings. A marked increase in attendance and in the partaking of the Lord's Supper has been shown. Two new church buildings and two new parsonages are almost complete. Yes, God has been good, and His love great toward us.

Old Umtali Centre reports that there have been four first events:

1. With the appointment of Mr. S. Tsopotsa as Acting Headmaster of the Secondary School, we now have all of our regular educational program under African headmasters.
2. We shall have our first graduates from Form IV this year.
3. We shall have our first graduates from the Higher Teacher Training this year.
4. We have begun our first lay-training school for full-time lay workers in the Old Umtali Biblical Institute. Fifteen students have enrolled taking courses as evangelists, assistant pastors, religious education workers, and Deaconesses. Nine wives are also receiving a course of instruction in church work. Extension services to the churches of the Conference and Synod have already begun and will be a permanent feature of the school. Refresher courses for those in service will also be held at the school. This joint project of Synod and Conference has started with a high spirit of good cooperation and en-

thusiasm in the student body and staff.

The major building accomplishments are staff housing and science laboratory for the Secondary School, and a new missionary residence.

The outreach of the Church to farmers on their land has grown this year through a program of extension aimed primarily toward rural areas near to Old Umtali. Farmers on tenant lands of the mission are training for the Master Farmer Certificate. We are cooperating with the Government on a combination study and teaching program at Nyakatsapa to relate food production and good diet. Members of nearby rural churches in the reserves are expressing active interest in a program of teaching the planting of improved fruit trees and keeping better livestock, both of which are being made available at Old Umtali Farm.

At the Christian Centre in Sakubva there has been an increase in the number of the Guides, Scouts, Cubs and Brownies. There has been less home visiting and hospital visiting because of the loss of some of our staff. Since January there has been an additional young woman on the staff leading children's activities. Women's groups, men's groups and congregational gatherings are still important functions of the Christian Centre.

At the African Girls' Hostel the girls on the whole show a very fine attitude of cooperation and interest in the welfare of the Hostel. A group of Indians visited the place at Christmas time. After their visit they presented the Hostel with a beautiful copper vase with set-in stones from Tibet. When it comes to spiritual matters, we are glad to see the concern for others which reveals itself through a keen prayer life. The missionary in charge asked one of the girls who had been deeply absorbed in prayer, "What is your trouble?" The girl answered that both her employer and his wife were ill and it greatly troubled her. Along with the group of strong characters, there are some who go astray. We hope that these may be helped and that the Hostel girls will continue to grow into women of strong Christian character.

St. Andrews Church reports that in several ways this has been a good year. We have taken into full membership in the Church 35 persons. Five of these were by transfer and 30 by profession of faith. Our total budget amounted to £2274-4-9, out of which £817-5-0 was applied on indebtedness. Our average Sunday School attendance has been about 150 per Sunday with an average Church attendance of about 150. The 16 weekly Methodist Scripture classes in Umtali now include about 425 Methodist boys and girls.

The afternoon group of the Women's Association has met regularly twice a month and supported the Church with their activities. A new evening group of the W.A. has been formed with 14 new members. It is called the Wesleyan Service Guild. Up to date there is no corresponding program for men in the Church.

A Youth Choir has been organised to supplement the services rendered by the Senior Choir.

A regular part of the preaching schedule of St. Andrews includes two monthly services at Rusape and monthly services at the Vumba Children's Convalescent Home and the Eagle Boys' School in the Vumba. In order to make this possible, several missionaries and local preachers have willingly given of their time and service.

In Marange District seven churches are in various stages of construction. Five new school buildings are being erected. This District is infested with many small sects, some of whom criticize the Methodist Church yet are glad to send their children to our schools. The M.Y.F. has had a flourishing year. Giving of money to support the pastors is not what it should be and it lacks the joy that ought to characterise Christian giving. Many people are willing to listen but have little initiative to take the Gospel to others. There is a large body of Local Preachers, some of whom are faithful in going regularly to their appointment according to the Quarterly Plan, but on the whole the record is very disappointing. Too often the sheep gather but no shepherd appears. Immorality amongst teachers is deplorable and brings sorrow and shame to the Church.

The people in Marange District are praying for a revival. The people are subject to new and heavy strains in land development, political agitation, keen desire for higher education, bus and train travel, and many other interests; sometimes the Church takes second place in the minds of the people.

During the past year at the Shona Language School we have had 15 Conference Methodists with 16 children, 6 Synod Methodists and 2 Anglicans. Some of the children had regular classes as well as the adults. We have now had representatives from 6 different denominations and have taught all 4 of the dialects which make up Union Shona. There is a growing interest on the part of the European population in learning the language of the people and many non-missionaries have bought the study books.

The Press at Old Umtali reports that the subscription list of Umbowo, the Conference monthly church paper, printed both in English and Chimanyika, continues to climb slowly. The present paid circulation is 1320. The 1959 Sunday School lessons have been included in the paper for the first time. January 1959 marked the beginning of full time operation of the Bookvan by Rev. N. Chiwota. The Van has travelled approximately 2400 miles in three months selling books and literature. One leaflet which has been quite popular, even in front of the beer halls, describes the evils of wine and beer.

In conclusion: The spearhead of all our work is Evangelism. Others can and may provide education, medical services, literature, agriculture and industrial teaching, but the Christian Church alone must be responsible for Evangelism. If Christians do not evangelize, the Word will not be preached. As we look upon the world, we see sin in all its multiple forms. In Greek mythology a serpent named Hydra had nine heads. If any head was cut off, two others grew in its place. Sin is a monster of many forms: deception, lying, cheating, half-truths, dishonesty, stealing, broken promises, and immorality; we and our people must face these conditions. When evil is quenched in one place it rises up in another. Truly "the wages of sin is death". "Who shall deliver me from the body of this death? I thank God through Jesus Christ our Lord".

We remind our Church that our Discipline states: "The Methodist Church has always believed that the only infallible proof of any genuine Church of Christ is its ability to disseminate the Pentecostal Spirit and life; to spread Scriptural Holiness over all lands, and to reform all continents by the Gospel of Christ."

APPENDIX: A STATEMENT REGARDING THE "MUSKWE FARM" PROPERTY

Because of the manner in which Muskwe Farm was acquired there are now serious questions about the future of this property. Unlike most land belonging to our Conference the Muskwe Farm was obtained through an "Agreement of Purchase" between the Conference and the Southern Rhodesia Government. Certain laws and obligations pertain to land bought in this manner, within European areas, and at the time of purchase of Muskwe Farm. Some of the agreed terms were as follows:

1. The purchase price of £293-3-0 (less than 3/- per acre) was to be paid by 1961. This has been done.
2. During the period of purchase agreement our Conference was to occupy the land continuously with a European in residence and carry on bona fide farming operations, mainly:
 - a. Cultivate not less than 30 acres during the first year of agreement, not less than 60

acres the second year, and 80 acres thereafter during each succeeding year.

- b. On the farm there should be continuously maintained not less than 40 head of large stock or its equivalent (i.e. 200 head of sheep or goats).

These appear to be the main items. Even from this, many know that these terms have not been fulfilled. Therefore, because we have not done our part, the Government now has the right to take back the land without compensating us in any way.

There is some indication that the Government will not force this matter immediately. At present they are holding the title deed presumably to see whether or not our Conference shows active intentions of productively using "Muskwe Farm".

This statement has been prepared as an explanation to members of Conference should the Government take back "Muskwe Farm".
